Career Connections Conversation
January 8, 2019 from 1pm to 2pm EST
Zoom

The registration deadline is January 4. Video-interactive sites will be limited to six registrants! Districts not chosen as interactive sites will still be able to live stream the event, and/or view a digital recording of the session. All connection information will be shared after registration.

[bit.ly/CiTiEngineeringCC]

IPD Engineering was founded in 2009. Headquartered in Syracuse, New York, with a branch office in Buffalo, the firm is comprised of 30+ employees providing HVAC, Plumbing, Fire Protection, Electrical & Structural design services. IPD has completed hundreds of highly successful designs, across many industry sectors, for projects ranging in size of up to $75 million. Our people have an average of 15 years of experience and are highly skilled at what they do.

This session is most appropriate for high school students. The session is only open to school districts that participate in their local BOCES/RIC Distance Learning Program. For more information, contact your local BOCES/RIC Distance Learning Coordinator or contact Kristin Edwards, Distance Learning Specialist at the Center for Instruction, Technology and Innovation (CiTi) (kedwards@citiboces.org or 315.963.4465). This free collaboration is brought to you by CiTi BOCES and the New York State Distance Learning Consortium.
